CHEERFULNESS (Double)

Dear Friends and Gardeners:

Thank you for your interesting letters to me in the past year. It is always inspiring to hear of the beautiful gardens you have planted with my bulbs and the successes you have had with my hardy, acclimated stocks of daffodils as well as with my Holland-grown bulbs.

Cool weather during much of our blooming season this spring brought out beautiful color in many of my red and pink daffodils.

Sincerely,
(MRS.) SELINA L. HOPKINS

NATURALIZE DAFFODILS.

Plant them informally on hillsides, in meadows or light woods, by lakes, or in vacant lots.

WE PREPAY ALL CHARGES on all bulbs, including our bushel and peck offers, to all points EAST OF THE MISSISSIPPI RIVER. CUSTOMERS LIVING WEST OF THE MISSISSIPPI RIVER will please add ten percent to our prices for DAFFODILS to help with transportation charges. (This is necessary because daffodil bulbs are heavy, and the cost of transporting them is quite high.) Tulips and all other bulbs will be sent any place in this country postpaid.

GUARANTEE: Our bulbs are guaranteed to reach you in first class condition. Packages should be opened at once on arrival and examined. Any molded bulbs reported within 10 days of receipt will be replaced free of charge.

PRICE LISTS: If you do not intend to plant bulbs this year, you will do us and one of your friends a favor by passing this list on to another gardener.

PLANTING TIME. All bulbs on our list should be planted in the fall before the ground freezes. We start to ship our accumulated daffodil orders about September 1st. The other kinds of bulbs are imported from Holland, and of course we cannot begin to ship them until they come, which is usually about October 1st. It is usually October 15th before our iris arrive from Holland.

ORDER AS EARLY as you can, please. Orders are filled in the order in which they received except that orders from southern states are not filled until after September 20 unless early shipment is especially requested.
